Battery replacement

1 Before replacing the batteries make sure the switch is in the OFF position.

2 Unscrew the battery door, located on the back of Wonderoo's head, using a Phillips head screwdriver.

3 Remove old batteries and install 3x 1.5V AAA (LR03). Lithium batteries are suggested for longer playtime.

Adult Note: Product is not intended for use in crib. Do not leave infant unattended with product. Please retain packaging for future reference and contact information. Cut plastic attachments with scissors and discard pieces. Discard all broken toys. In an effort to continually improve our products, contents may vary slightly from that shown on package. Please keep this package since it contains important information.

Remove old batteries and replace with new batteries. Be sure to insert batteries correctly with adult supervision and always follow the toy and battery manufacturer's instructions. Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable batteries. Rechargeable batteries must be removed from toy before being recharged. Non-rechargeable batteries are not to be recharged. Rechargeable batteries are to be charged only under adult supervision. ONLY use batteries specified by manufacturer. Do not short-circuit battery terminals. Always remove weak or dead batteries from product. Remove batteries if product will be stored for an extended period of time. Batteries should be changed by an Adult. Unscrew battery cover with phillips head screwdriver (not included) and lift away from back of product. Remove the dead batteries. Be sure to insert the new batteries correctly according to (+) and (-) symbols located on the battery compartment. Replace battery cover and tighten screw securely before further use.

WARNING: Battery acid and leakage can cause personal injury and cause damage to your product and surrounding property. If battery leakage occurs, thoroughly wash any affected skin, making sure to keep battery acid away from eyes, ears, nose and mouth. Immediately wash any clothing or other surface that comes into contact with leaked battery acid. Leaking batteries may make "popping" sounds.

Troubleshooting: If you experience loss of function, this may be self-recoverable. Try turning the power off and on again or remove and install the battery to restore proper function.

Smart device required for App use (not included).

Download "Wonderoo" App onto your chosen smart device.

- Apple iPhone 4S / iPad mini / iPad 3 with iOS 8 or above.
- Android with Smart Bluetooth (Bluetooth 4.0) and running Android 4.3 and above.

WONDEROO

Congratulations!
Wonderoo is now your storytelling friend!
Read the instructions to learn how to care and play with Wonderoo.

Setting up Wonderoo

Choose your Smart Device

Choose the smart device you will use with Wonderoo.

Apple device or Android device

Some common smart devices that can be used are:

- Apple iPhone 4S / iPad mini / iPad 3 with iOS 8 or above.
- Android with Smart Bluetooth (Bluetooth 4.0) and running Android 4.3 and above.

For full list of compatible devices visit www.thewonderoo.com

Downloading the App

Scan the QR to download the free App!

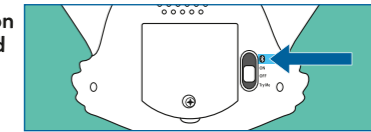

It is necessary to download the App for transferring stories into Wonderoo.

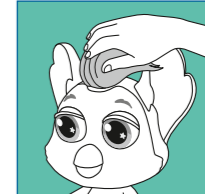

Connecting and transferring your stories

After downloading the App onto your smart device you will be able to transfer your favourite story onto the Wonderoo by following these steps:

1 Place the switch located on the back of Wonderoo's head into Bluetooth mode.

2 Touch Wonderoo's head for 1.5 seconds to wake him up, you'll see him with his eyes open and the mouth closed. After this "Wonderoo" will appear on your smart device's list of available bluetooth connection. Selected it for pairing and you'll see the ears blinking slowly indicating the Bluetooth is connected.

3 Open the App, select your favourite story and share the story with Wonderoo. You will know the story transfer is taking place as the ears will start to blink faster.

4 After the transfer completion Wonderoo will go to sleep.

5 To play with Wonderoo and hear the new story, place the switch into "ON" and touch Wonderoo's head for 1.5 seconds to wake him up.

Note: In Bluetooth mode if the Bluetooth is connected or already connected but no transfer is takes place for 5 minutes Wonderoo's Bluetooth will disconnect and go to sleep. To wake him up touch Wonderoo's head for 1.5 seconds.
